## Iricana News

The Ladies Aid met at the home of Mrs. A. B. Hay, on Wednesday afternoon, when most of the members answered the roll call.

Mr. E. G. McCreary, at one time in charge of the Cooperative store, was a visitor on Friday. Mr. MacCauley is senior accountant for the Bungeo Palm Coy. of Canada, Ltd., at Calgary.

Miss Maud Kennedy, a member of the teaching staff at Drumheller is visiting relatives over the weekend.

Acting Mayor James Stout has started out officially with his right foot forward. The acting mayor is having clippers very equally distributed over the potatoes in main street.

Mr. and Mrs. Miller, accompanied by Mr. and Mrs. Archibald, motored to the city on Sunday.

Rev. Mr. McCune officiated at the pulpit at Sunday evening's service.

Gregory Line, probably the only timers in the district who tenaciously stick to the grand old game of ranching almost exclusively, were lately rewarded in their efforts, when they succeeded in carrying off the blue ribbon for stocker steers at the Calgary Fall fair on Thursday of last week.

Apart from the much coveted ribbons, the animals copped cash prizes aggregating three hundred dollars for their owners.

A sort of Pete's moonshine is like kissing a sparkplug with the motor running.

## Plebiscite Preparations

November 5th, the date on which the voters of the province are asked to express their opinions on the merits of four alternative systems of liquor control, is now less than three weeks distant, and the interest is increasing considerably, while the vigor with which the Prohibitionists and Moderates are vying their efforts is increasing.

Mr. Frank Skene, the returning officer for Gleichen constituency and Mr. T. M. Wears, his clerk, are busy setting out the proclamations, while the various enumerators are making up the list of voters. Mr. W. G. Kaye, who is the enumerator for Strathmore and Crowfoot districts, and Crowfoot poll is a new one, completing the eastern portion of what was formerly the Strathmore polling district.

The views of both parties are expressed in advertising in our columns, and by dodgers, posters, etc.

The Provincial Government have decided to issue a statement in the newspapers of the province on the two weeks previous to the plebiscite explaining the operation of the preferential system. Premier Greenfield has expressed his opinion that he is not in favor of plumping and wishes the electors to express their preferences on all the questions.

Moderation Meeting On 29th

Moderation supporters will hold a meeting in the Memorial Hall on Monday, October 29th, when Mr. A. L. Smith, who will be remembered as Conservative candidate in this riding at last Federal Election, will speak.

## A Remarkable Yield

Interesting Experiment With Summer-fallow Substitute.

Charles Cowie, who so far holds the record for wheat yield in the Western Bow Valley with 62 bushels to the acre, conducted an interesting experiment this summer. On 4.13 acres he sowed four bushels of wheat 15th spring and threshed 208. The wheat was sown in rows, sowing three rows and mowing four. This would make the acreage actually sown 2.77 acres, and that missed 3.6 acres. The average yield for the 4.13 acres was 62 bushels per acre, but based on the actual acreage sown would be 77 bushels per acre. The grain was sown May 9 and cut September 2. The ground was in crop last year and was spring plowed, then sowed lightly as noted above in place of summerfallowing.

Mr. Cowie had Ben Fensenden check up on his acreage and figures to ensure their accuracy.

## Alberta Pressmen Meet

Meetings of Alberta News-people were held at Edmonton on Friday, October 12, and at Calgary on Monday, October 15. Good attendance was registered at both meetings, which were presided over by John Mackenzie, Strathmore, President of the Alberta Press Association. The principal speakers were Mr. Roy Sayles, Manager of the Canadian Weekly Newspapers Association of Canada, and Mr. Geo. Martin, secretary Canadian Advertising Agency Association, both of Toronto. At both meetings topics of interest to the newspaper profession were discussed, and at a luncheon given at the MacDonald Hotel at Edmonton, J. Irie, manager of the Edmonton Journal spoke, while at Calgary Mr. J. H. Woods of The Herald spoke. The newspapers, at both luncheons were the guests of Mr. J. H. Woods of the Toronto Type Foundry, while at Edmonton Mr. Irie entertained the visitors to a dinner in the McDonald hotel.

## Interview Premier

On Saturday a delegation consisting of Messrs Mackenzie, Galbraith, Fenton and Sayles interviewed Premier Grenville and Attorney-General Brewster with regard to the forthcoming liquor plebiscite. They pointed out that the preferential system of holding was new to the voters of the province, and that it was of the utmost importance that a full vote be polled, otherwise the result, which ever way it went, would be unsatisfactory. While the Prohibitionists and Moderationists were instructing their followers as to how they should vote, the Premier was giving instructions given by the Government as to the proper method of voting. A statement from the Government would be accepted as being correct, while statements by the contending parties or editorial opinions might be taken as biased, and would lead to confusion.

The Premier and Attorney-General agreed with the views expressed by the delegation, and stated that they would put them into effect on their return. The Premier stated that it was unwise to advise voters to vote for only one class, they should express their preference on them all.

Dr. Huestis did not appear at the meeting which had been announced here on Thursday last.

Small seeds as well as trophies and ribbons as specials for each class. If any further information or prize lists are required, communicate with the School of Agriculture, Clarence Hill, Alta.

## Wheat Pool To Operate Soon

### Details Expected To-day

As we went to press before noon today, details of the organization of the Wheat Pool had not been announced, but a decision is expected shortly.

It was unofficially stated this morning that Mr. Chester Elliott, of the United Grain Growers, had been appointed manager. This statement was confirmed by Mr. Elliott.

Members of the pool are being notified by circular of the forthcoming election of trustees, which takes place November 13.

## Much Threshing To Be Done

The heavy yielding crop of 1921 is taking longer to thresh than any other crop ever harvested in the province, and despite the fact that many new separators have been purchased to handle it, it is doubtful whether the greater part of the province if threshing is more than half completed. Luckily the weather has been very favorable, and another three weeks would clean up nearly all the fields in this district.

The yield continues good, and from all indications the average will be over 25 bushels per acre.

Cars are somewhat scarce, and local elevators are nearly full up.

## Ford Caravan

### Here Friday

The Ford travelling exhibit, or caravan, as it has been called, was advertising to be in Strathmore today, but owing to unforeseen circumstances was not able to get here by this date, but will arrive at the Demonstration Farm on Friday. This exhibit has been showing at a number of towns throughout Southern Alberta, and has created great interest where ever it has gone.

The exhibit comprises every power appliance necessary for a farm, and provided the weather is favorable, grain will be threshed and hauled to town, plowing and lifting will be done by tractors, etc. The latest models in Ford cars and trucks will be shown. Everyone, who can possibly do so, should make a point of seeing the exhibit in action. Mr. W. C. Brown will be willing to furnish any information required as to the time of starting, but the exhibit will be in operation all day Friday.

## STRATHMORE UNION CHURCH ANNIVERSARY SERVICE

Strathmore Union Church Anniversary Services will be held on Sunday, October 23rd, morning and evening, with Rev. A. Baintree, Moderator of the Alberta Synod of the Presbyterian Church, as special preacher, and with special harvest anthems by the choir. The annual supper will be served in the basement for the musical evening, followed by a big musical concert in the church.

## Conviction Quashed

Carleton Merchant Wins Appeal Before Mr. Justice Simmons, in the Court of Appeal at Calgary, on Tuesday, Mr. Wm. Laurie, Carleton, was cleared of a conviction that had been registered against him at Strathmore some weeks ago before Justices Lambert and Vickery. The charge was that he had poisoned his store, contrary to the Pharmaceutical Act, and when brought up here he was fined \$50 and costs.

In ordering the conviction, and also a previous one rendered in April, quashed, Mr. Justice Simmons also allowed all costs, and also an additional \$20 of expenses. Mr. McKinlay Cameron conducted the case for Mr. Laurie and Mr. Dingle for the Crown.

## Standard News

Attention has been called to the fact that one or two people have expressed their belief that the recent case of illness renders their children liable to contagion while attending school. Mr. Fletcher has notified this case as suspected typhoid. It is the first case to break out since school has been in session, and may very probably be traced to its source of infection. When Dr. Barrow, of the Health Department, was here he expressed satisfaction at the measures taken by the school board guard against contagion. In addition to his suggestion the school rooms, desks, etc., are sprayed twice a week with a solution of lysol, rendering danger of contagion exceedingly slight.

The many friends of Mr. N. W. Thompson will be pleased to have him among them again. Mr. Thompson arrived in Standard last week from Long Beach, California, and will remain until the threshing season is over.

Born, to Mr. and Mrs. Gates, on October 1, a daughter.

Born to Mr. and Mrs. Chris Nelson on October 2, a daughter.

The many friends of Mrs. Horton will be pleased to hear that she was badly hurt last week. Mrs. Horton was going down the basement steps and tripped and fell. She will not be able to get about for some time.

Friends of Mrs. Mrs. Vera Peterson will be sorry to hear that she was badly injured in a car accident last week.

## Namaka News

On Sunday next Harvest Thanksgiving service will be held in the 100 F. hall.

There will be two services, one in the forenoon at 11 o'clock when the Rev. Mr. Garden of Tudor, will address the congregation. The Strathmore choir will also be in attendance at the morning service. The evening service will be conducted by Rev. Whitney at 8 p.m., when the Crowfoot quartette will give some selections. It is hoped a good congregation will be present at both services.

On Monday evening at 8 p.m., at Harvest Home Pumpkin Pie Social will be held at 8 p.m. An effort is being made to have the Strathmore choir render some selections on this occasion. Everyone is cordially invited and also requested to bring along a pumpkin pie. The charge for adults will be 25c and children 10c.

Mr. Fred Watts, in charge of the U.G.O. Elevator Co. here, met with a painful accident about two weeks ago, when a broken belt struck him on the arm, necessitating treatment by the doctor. Blood poisoning developed, and he is now spending a week or two at his home at Blinley to recuperate.

Threshing in this district is only about 50 per cent. completed.

## Local Bittings

OF LOCAL INTEREST  
Readers are requested to send in items of local interest, or anything under 12 o'clock Monday morning preceding day of publication. All news items are welcomed.  
A yield of 52 bushels wheat per acre is reported from the farm of Mr. Seelye, Ardenode.

An elaborate evening was given by members of Strathmore G.W.A. at the Standard last Tuesday evening, when a musical programme was given, including the regular meeting, Mr. G. W. A. and several prominent persons on the stage, piano and organ respectively.

Nearly as many turned out as had been expected to the dance held in the Memorial Hall on Friday evening, under the auspices of the Standard, but there was a fairly good turnout, and a very enjoyable evening was spent in the dancing, singing of songs and social conversation. A huge supper was served.

Mr. Roy Sayles, Toronto, of the Canadian Weekly Newspapers Association, and Mr. V. C. French, New Brunswick, and several prominent persons on the stage, piano and organ respectively.

Strathmore Town Council have petitioned the Post Office Department to place a mail box at the C.P.R. Depot. This would be a big convenience.

The hockey club have already laid their pipe line from the lake to the skating rink, and will be in position to take advantage of the first good frost. The skating club have not started on the rink improvements, but expect to get busy shortly.

Strathmore G.W.A., at their meeting last Tuesday, decided to make a contribution towards the continuance of the Dominion Command.

Mr. A. W. F. Weyers, from Holland, is on a visit at present to his cousin, Mr. A. J. J. Weyers.

Armistice Day, November 11, falls this year on a Sunday, and it is intended to hold a special memorial service in the Memorial Hall, the collection to be devoted to the erection of a stone tablet bearing the names of the men from this district who died in the war. This was part of the original plan of the hall, but was deferred owing to the financial stringency of the past two years. It is a duty we owe to the fallen to commemorate their heroic deeds.

Mr. R. H. Anderson and family arrived back last Wednesday after a visit to B.C.

Mrs. Mead Moore was operated on at Calgary on Tuesday for appendicitis. The operation was quite successful, and Mrs. Moore is making a good recovery. Miss Beattie Robson is also operated on and is now doing nicely.

## Wage Case

On Thursday last week R. P. Day, who is running a threshing outfit, was charged before Messrs Lambert and Vickery, J.P., that he did on the 8th inst. refuse to pay Frank A. Blackman the sum of \$150.00, being the amount of wages due to him for work done for Day, contrary to Masters and Servants Act.

It appeared that Blackman was engaged by Day at the Standard Farm in Calgary, along with other threshers, at a uniform rate of \$5.00 per day, and that after the engagement Day arrived to see Blackman as an engineer. At the termination of the engagement Day offered to pay at the rate of \$6.00, while Blackman as claimed a rate of \$10.00, being engineer's wages.

After hearing the evidence the magistrate allowed the higher figure, Day to pay costs. Mr. T. M. Wears appeared for the workman. Day conducted his own case.

## Government Control In British Columbia

Opinion Given by the President of the  
British Columbia Press  
Association.

The following letter, upon request  
of the Executive Independent, was  
written by L. J. Ball, manager of the  
Vernon News. Mr. Ball has managed  
the News for the past 29 years and  
is also president of the B.C. Press  
Association and well qualified to give  
an honest constructive opinion of the  
B.C. method of dealing with the liquor  
question. The letter follows:

I received your letter of recent date  
re Government Control in British Columbia,  
and with much subject you wish me  
to express an opinion.

Speaking personally, it does not  
make much difference to me whether  
there is Prohibition or not, for I do  
not drink now, nor did I do so before  
the general sale was prohibited and  
then curtailed.

Looking at the matter in a general  
way, however, I feel that the free sale  
as at one time was the case, will never  
again be tolerated, and I would oppose  
in every way its introduction. The  
social and calumny must be forever  
ended. Total Prohibition could do no  
harm to anyone if it could be en-  
forced. Liquor is not necessary to  
suffer, and no one would suffer if the  
manufacture were discontinued en-  
tirely. But it can never be enforced.  
Certain people will have liquor con-  
sumption determined to get it, and will  
move heaven and earth to get some-  
thing with a "kick" in it.

In the old days, when liquor was  
freely dispensed, hoteliers with a  
bar made money, and made lots of it. In fact many of them did  
not pay much attention to the balance  
of the house, and laced at complete  
the bar an adjunct, really merely  
tolerated the general house as a  
necessary adjunct to enable them to  
have a bar. In British Columbia  
since the Government operated the  
distribution houses, there is a certain  
restriction in the sale. It calls for  
permits; such permits are limited,  
both as to number and to whom they  
are issued. The amount of liquor  
while in my mind rather liberal is  
nevertheless limited to what amount  
may be purchased within a certain  
period so that as far as is possible it  
is supposed to represent "moderation"  
in its use. Now those who really feel  
they must have it, are able to buy it,  
and get the real thing, in sealed con-  
tainers. Besides this whatever profits  
are made in the sale of liquor are not  
controlled by a limited number of  
those in the business but come back  
to the people again through Govern-  
ment channels. It goes to the sup-  
port of hospitals, homes for incurables,  
schools, etc., so that all citizens profit  
in this manner from such sales of  
liquor. While it may be said that  
these institutions should not profit by  
some things of this nature, yet when  
people insist on having the stuff, and  
are willing to pay for it, surely it will  
be admitted that the distribution of  
such profits among the people as a  
whole, forming part of the provincial  
revenue is better than have it con-  
fined to a few hoteliers.

As a restrictive measure I feel that  
it works satisfactorily. The trouble  
to which people have to go to get the  
liquor, the fact that a record is kept  
of the amounts they buy, the knowl-  
edge that the amount they may have  
is limited; the fact that licenses are  
issued only to those who come within  
the provisions of the Act—all these  
things tend to limit the amount  
bought and consumed, and I feel sure  
that it may be considered among the  
safest measures for curbing the use  
of liquor which could be devised  
and which can be carried out.

As I stated before, prohibition or  
importation and sale entirely would  
be ideal, and would be desirable, if  
it could be carried out. But as long  
as human nature is constituted as it  
is, and as long as people are human,  
it is necessary to try and deal earnestly  
with matters of the kind and have a  
gradual evolution rather than try to  
accomplish too much at one time. By  
getting people away from the free use  
by eliminating it from use at public  
functions; by having our boys grow  
up without the constant temptation  
before them by making it a thing  
more complicated to get it at all; in  
fact, by winning people away from  
the general use of it by these res-  
trictive measures, with eventually im-  
prove people with the folly of using  
the stuff at all except to see the day,  
not many years hence, when, for  
lack of courage, to start closing up  
some of the warehouses.

I believe the British Columbia sys-  
tem is the best yet devised to accom-  
plish the results desired, and to deal

most sanely with conditions as they  
exist at the present time.

Yours very truly,  
Louis J. Ball

The above letter was written for  
private information but in reply to  
our letter asking that he allow it to  
be published, Mr. Ball supplements  
his opinion of the control system by  
stating that he does not agree with  
"licenses" to clubs for it seems im-  
possible to limit this to bona fide  
clubs. He concludes as follows—  
"My opinion would be to discourage  
the idea of 'club licenses' but might  
approve of beer or light wines with  
meals. Hard liquor should be res-  
tricted to Government dispensaries  
and should be made fairly expensive  
so as to discourage as far as possible  
its general use."

**The Liquor Plebiscite**  
The electors of the Province would  
do well to study carefully the issue  
involved in the forthcoming plebiscite,  
and above all, they should exercise  
their franchise.  
This will be the first experience of  
voters in Alberta with a plebiscite  
based on the preferential system of  
voting. It is advanced democratic  
legislation. When it is remembered  
that only five years ago we were en-  
gaged in a life and death struggle,  
the declared object of which was to  
make the world safe for democracy, it is  
too much to ask the voters of the pro-  
vince to exercise the right of a free  
vote which has been retained for them  
at such a great cost of human life.  
The four questions on the ballot  
comprise four varying shades of opin-  
ion. The fight appears to have been  
concentrated itself, however, on two  
clauses, clause "A", which calls  
for a development and extension of  
the system at present in the province,  
and "D" which calls for government  
control of the sale of liquor, with the  
sale of beer in premises licensed to  
the government. In the event of  
Clause "A" carrying, we may expect  
to see an attempt to more rigidly  
enforce the present system, but it is  
difficult to see how there can be  
more rigid enforcement of the present  
law without a change of opinion  
of a considerable portion of the  
population of the province, and it  
many of the officials entrusted with  
the execution of the Act.  
The expressed expectation of the  
supporters of clause "D" is that it will  
be effective in reducing drunkenness  
by popularising the sale of beer and  
thereby reducing the sale of strong  
liquors. Government regulation, how-  
ever, has not eliminated drunkenness  
in the provinces where it has been  
adopted, any more than prohibition  
has done so in Alberta.

**Newspaper Enterprise**  
The Herald issued on Saturday their  
fortieth anniversary number, consist-  
ing of 114 pages, from which can be  
found a complete history of the  
province, from its beginning to the  
present day. Owing as it does to a  
time when the province had no  
newspaper, it is a valuable history of  
the province. It will help to  
keep Alberta in the spotlight.  
The leading matters, topography, and art  
of the province, and the history of the  
management of the Herald and the  
Greatest Western Editor of the edition,  
George MacKenzie, are on their effort.

**Beating the Middle Man**  
Mr. E. Fox deserves the thanks of  
local people for the aggressive policy  
he has adopted in bringing down the  
price of fruit to the consumer.  
For years have the complaint that fruit  
could be bought much cheaper in Cal-  
gary than in Strathmore, but now it  
is the other way round, as the prices  
quoted in his ad. on another page  
show. This has been rendered pos-  
sible by his buying direct from the  
grower in B.C. and eliminating the  
middleman. The present carload con-  
sists of 800 cases of apples, besides  
oranges, etc. The shipments will be  
undoubtedly available to all prices  
meet this, but this will probably be  
at the expense of the grower, and the  
Alberta farmer can have no objection  
to the middleman who takes direct  
shipments from the fruit farms.

The government wants the voters to  
express themselves clearly on the  
subject, to give their opinion in an  
order of preference for each question, and  
to go to the poll in such numbers that  
whatever view carries will have at  
least fifty one per cent. of the elec-  
torate. The present ballot, it is said,  
will have to be framed following  
the plebiscite, and the government  
will be guided in framing this leg-  
islation by the vote of the people, not  
alone on the question that carries, but  
by the preferences expressed.  
We urge it to the voters to ex-  
press ourselves by ballot on this sub-  
ject. Fifty-one thousand people signed  
a petition to have this ballot. Surely  
at least double this number will vote.

**Wear a Poppy**  
Nearly every citizen in the Prov-  
ince of Alberta and throughout  
whole Canada will be wearing a  
poppy on the 11th November as a mark  
of love for our gallant old sol-  
diers.  
The cities and towns in the Prov-  
ince are responding nobly to the call  
made upon them for the promotion  
of this annual event. Judging by the  
number of orders received at Poppy  
Aid Campaign Headquarters, Prov-  
ince Command G.W.V.A., Calgary, the  
sale of poppies this year will doubt-  
less far exceed that of any year since  
the first year of the war and it would  
seem as if the 11th November approach-  
ing, greater difficulty will be experi-  
enced by the staff to cope with the demand  
for these emblems.  
By wearing a poppy on Armistice  
Day—  
1. You honour the dead.  
2. You assist the disabled veterans  
and dependents by providing a means  
of employment in the manufacture of  
these poppies. They are all made in  
Canada by The Veterans Branch of the  
Dept. of Soldiers' Civil Re-establish-  
ment.  
3. You materially assist in improv-  
ing the condition of the soldiers and  
better care and treatment of the dis-  
abled, the widows, and the orphans of  
our gallant boys.  
4. You assist those widows and or-  
phans and disabled men who are not  
able to take up their own cases. To  
have the G.W.V.A. act in their behalf.  
Any person who reside in isolated  
districts and outside the zone of an  
army which is handling the poppies  
and unable to obtain them locally, may  
apply direct to Headquarters. Pay  
the sum of One Dollar (1.00) either  
ten small poppies or four large ones  
will be sent in return.

biently brilliant, soft, white light, even

25 leading universities and found to  
be the first lamp on 16 days' trial.  
It burns without odor, smoke or noise  
and is so simple, clean, efficient, and  
cheap, it costs only 25c. and 6c. per

**WHAT TWO DOLLARS WILL BUY**  
In each of its many departments,  
catering to all classes and all ages, the  
Family Herald and Weekly Star, of  
Montreal, has continued to improve  
each year ever the last until now it  
would seem perfection were reached.  
Yet for the coming season that re-  
markable firm and family journal  
again promises—and the promise will  
surely be fulfilled—still further im-  
provements in all departments. It is  
a perennial endeavor to publish the  
world over how the Family Herald  
and Weekly Star can continue to in-  
crease its 25-page weekly paper contain-  
ing such wealth and variety of reading  
matter for a subscription price of only  
\$2.00 per year.  
If this were not enough, we hear  
that, added to the constant value of the  
paper itself, each subscriber this  
season who results in time will receive  
free, a most beautiful picture in color  
of a lovely and bewitching woman, whose  
remarkable life story has been pub-  
lished in book-like form and can be ob-  
tained without charge from the Family  
Herald and Weekly Star, Montreal.

## Rockyford Locals

Mr. Richard Roberts, our former bank manager, is at present in town on a visit from the States.

Mrs. Alice Danmore is here from Spokane, visiting friends.

Mrs. D. Dewey, of Edmonton, visited Mr. and Mrs. A. G. Hill, for a few days last week.

The merchants of Rockyford are now closing their stores at 6 p.m. every evening but Saturday. Is this good business?

Bachelors of Rockyford are attending a big masquerade ball at Mr. Crea's hall, on Halloween evening. 21. Music will be supplied by a Promissory orchestra, and prizes are offered for best comic and funny costumes. A big time is assured.

No less than seven Rockyford people celebrated their birthday on October 15, and there were numerous parties around town.

Rockyford Masonic Lodge will have a visit tomorrow evening from the District Deputy G. M. R. W. Bro. James Holden.

Three quantities of grain are pouring into the local elevator at the present time. There is somewhat of a shortage of ears, but the elevators are still taking in grain.

A great yield is reported from the farm of Robert Sims, where a quarter section of wheat averaged 60 bushels to the acre.

McCreck and Brown's threshing outfit have moved to the field farm. There are now four outfits working on the field place, which should help in moving the big crop here.

Miss Vera Peterson is making excellent progress since her serious auto accident.

## Rosebud News

D. W. Dewisher had the misfortune to lose his coat house and contents by fire last Thursday. It seemed in a clothes closet, the cause unknown. Several of the threshers had their clothes in the closet and could save nothing.

Mrs. Nancy Paris of Yarmouth, arrived on an interesting talk on church "ever" clause "TV." "Which will you vote," Saturday afternoon to a small audience.

Mr. Brulman, who used to be on the Patterson place, is residing at the National elevator.

Mrs. W. E. Payne is suffering from an abscess on the thumb.

Mr. and Mrs. James Wingham are beginning home-sowing in the W.P. farm house on Main St.

Mr. C. McElroy had their valuable milk cows last week from pneumonia.

Conestock Brothers had a flood of registered rats that averaged 100 lbs. each to the nose.

Calvin E. Thresher let a pig into the C.F.W.A. have decided not to have their annual mail vote in December. Instead of Halloween at present.

A great many cases of typhoid are reported towards Stander, and the cause traced to the milk supply.

L. O. Hart has a new Dodge car.

SOME GOOD CORN YIELDS

Alberta is recording some good corn yields this season. G. G. Scott, a farmer at Alford, near Edmonton, reports that he secured four acres with Red Bird and Golden, and secured a yield of 50 bushels to the acre from the corn. In the Taber district, on irrigated lands, a number of farmers have grown corn with such success this year, it is reported.

**MURINE**  
NIGHT  
MORNING  
KEEP YOUR EYES  
CLEAN, CLEAR AND HEALTHY

Mr. Danmore won't wipe out the lamp when the department minister is here. Some arrangements are being made for a little while there, but the long night and winter nights and don't have time to attend to the ordinary affairs of life.

By the way, speaking about money reminds us of a little incident that occurred recently.

When the wheat market was good we had visions of great wealth and digging up the large sum of \$100,000. A pocket book from a well-known mail order house. Well, to make a long story short, as one of our friends would say, the money thing got tangled up in the mail and after paying a visit to Jerusalem, and other Irish cities, arrived when our head had disappeared to thirty cents.

Getting peevish at things in general, we invented the last of our fortune in a bag of 100 old time mail, and carefully laid the pocket book away for another year. Sure, it has to be a summer, and raise a crop every four years. What's the use of going to California in the winter when you have nothing to do but stay at home and eat salt pork and marmalade.

What better form of physical culture can you find than milking the old horse and pushing the wheel barrow.

Why talk of atmosphere when you can look at the ice-baited Rockies and take in a U.F.A. meeting, where you can drink coffee and eat cake, until you wish that coffee and cake had never been discovered.

Of course if we had the spectacles, we might have a look at the mountain country, but if we can't see, why little old funny Alberta ain't too bad.

It didn't entertain Lord Rintow while he was in the west because of many reasons, but we hope to see him return to our country in an early date. The heir apparent to the throne is a real sport, a gentleman of whom any mother would be proud to call her boy, and while we are not strong on titles, may we be pardoned for repeating the old saying: "God Bless the Prince of Wales."

The entertainment given by the school recently was a very fine affair and Miss Wynne is entitled to a great deal of credit for the splendid manner in which all her pupils acquitted themselves.

We were pleased to notice a large number of visitors from Tabor the day after the election, and it was a welcome them back to our community affairs.

A substantial sum of money was realized to provide for the children in the cold winter days.

If you were unable to be present at the social, and desire to contribute to the fund, Miss Wynne, or the secretary-treasurer, will be happy to receive any donation you care to make. Thank you, dear, we just hope you'll find better luck next year.

The mayor is the busiest man this side of the grave, at the present time, and if you wish to discuss city affairs, call about two o'clock in the morning when his day's work is done, and you will find Micky ready to discuss local improvements, clause "TV," or politics.

P. A. McElroy had the misfortune to injure his leg a couple of weeks ago, but is now able to get around in pretty good shape.

Threshing by the excellent weather, favored by the excellent weather, is now near. Owing to the heavy snow break-downs have been frequent and labor has been hard to please in the matter of wages. Any one who can stand the grief of picking bundles for a round of the clock is entitled to all the remuneration he can get, but we decline the fact that the farmer has to pay \$6 a day out of the wheat.

The two chicks that were working for the B.I. Public have gone, they are all and all. No doubt they are applying the paddles and apple pies to some unhappy threshing crew. Bill says, "he should worry."

This devil's duck which is so popular at present, must be a fierce device. If we can under the darned thing by the name.

Miss Mae Longbottom entertained a large number of friends on the occasion of her birthday, last Sunday. Amongst the visitors was Miss Nellie Gross, of Rosebud, and Miss Lena Griffith, from Redford. As it is time to get in the cool chain up the coat, and throw out the cat. We got to quit but say, what do you think of Bunkin Bush now? Some baby, is he not?

(a) PROHIBITION—Meaning thereby a continuance and development of the present liquor legislation; that is, meaning the abolition of the sale of all liquors excepting for strictly medicinal, sacramental, manufacturing and scientific purposes.

(b) LICENSED SALE OF BEER—Meaning thereby the sale of beer in licensed hotels and other premises as provided in the proposed Temperance Act.

(c) GOVERNMENT SALE OF BEER—Meaning thereby the sale of beer by or through government vendors for consumption in private residences under government control and regulation, other liquors to be sold through doctors' prescription for medicinal purposes.

(d) GOVERNMENT SALE OF ALL LIQUORS—Meaning thereby the sale of all liquors by or through government vendors, beer to be consumed on licensed premises and in private residences; wines and spirits to be purchased in limited quantities under permit issued by the government under government control and regulation.

## A WHALE FOR A SPRAT

To realize a profit of \$1,311,538 the B. C. Government sold \$11,092,914 worth of liquor. Of this amount \$6,500,000 went to distillers and liquor concerns, mostly in Europe.

Clever way to raise revenue! maintain school and build roads? Would it not have been better to have spent \$11,092,914 direct on schools and roads?

## Slats' Diary

Friday—well I am enjoying my visit down in Tennessee very much. I get to do a lot of things here.

I couldn't do as much as I thought because my dinner went to appear much like we are among strangers. Today I

seen 2 men having a fire and a lady which was very interesting. How very interesting. Personally I wonder what she expects for nothing.

that it was a pretty good one. And Denay and Purjo went out here and came back for that price.

Saturday—In spent most of the whole entire day repairing out a road with better roads on which to go home on. And I had the money. Went to a picture show where a girl is getting drowned and it was so real I wanted to run down the lake and jump in the water and see her from a safety.

Sunday—Was rained out to go today and got a new feed. Amely they was so much on the table that his elbows on but he managed to get along some way.

Monday—Went on in the woods with Cousin Clarence to hunt and saw one man not smart and and if he had me along for a Decoy.

Tuesday—We are going to have today. They are a old man who has come down here to get rid of his Roomation and her Maiden name. Here at last.

Wednesday—well we got started and made a hundred and 20 miles on an short cut home. We are at Paducah tonight and it is raining and pa is pretty blue over the prospects as they tell him the roads will be to muddy to tra on tomorrow morning.

Thursday—Got lost today on the trail road and finally we seen a sign board pa got out and clump up and struck about a doz. matches so he could read what it said. And it said. This farm For Sale Cheap. Had to back track 10 miles today on acct. of his short cut. I guess ma will never get done naming him for being so wise 2 blowouts and that is doing pretty good. All of our immediate family went to bed singing the national air Home-Sweet Home.
